DID YOU KNOW?

Welcome to the third month of the year, or, if you were born before 150 B.C., the first! March was once considered the first month of the year, according to the ancient Roman calendar. One year was ten months long, beginning in March and ending in December.

Daylight Saving Time

Daylight Saving Time will begin Sunday, March 9, at 2 a.m. local time in the U.S. The clocks “spring forward” by one hour, meaning sunrise and sunset will occur one hour later. DST will end November 2, when clocks “fall back” by one hour.

On the bright side, the time change will delay the moment day becomes night for those hoping to walk their dogs outside before it gets dark.

Earth Day is on April 22, 2025. This year, the Village of Tijeras will be partnering with Bernalillo County for our annual Earth Day cleanup event. Keep an eye out for dates and more information to follow.

A Look Ahead

Ribbon-Cutting Ceremony for the park's grand opening, May 3rd. More details to come!
